Federal-State Funds Denied For Hospital

It was announced this week that federal-state aid will not be granted at this time to further plans for the much-needed Hancock County Hospital.

At a meeting of the county board of supervisors, attended by persons and groups interested in supporting the hospital, the clerk of courts made the announcement.

Foster L. Fowler, Chairman of the Mississippi Commission on Hospital Care, notified the Clerk by phone of the latest development, he said. No reason was given for the refusal to grant funds.

Earlier Fowler had stated at a meeting here that such funds would probably be available if the county gave indication of doing its share to support the plan.

It was decided, following the announcement, that a choice of the hospital site would be postponed until a later meeting. This was supposed to have been done early in the week.

Also it was decided that the \$70,000 bond issue, which can now be made by the Board of Supervisors, would be postponed until the matter of state-federal funds has been further investigated. The bonds can be issued any time within the next year, authorities stated.

The millage set out to finance the hospital program without additional taxes was discussed at the meeting as an out to absorb the two mills ad valorem tax called for by Gov. White for State tax.

It was noted that every county would be required to supply this additional two mills to the State. The American Legion spokesman strongly advocated that the millage be raised here by a new levy as most counties are doing rather than absorbing the local funds for a hospital. He pointed out that if "we let our determination to get a hospital here crumble that we can not expect the State or Federal Government to go through with their part." He urged the Board to keep hands off of those funds until it could be determined what our real status will be.

The Legionnaire stated that it is expected that the Legion Hospital Committee will go to Jackson to find out and try to straighten out the difficulties which have been encountered in the approval of the local hospital.

Immediately following the meeting of the Board of Supervisors, Sidney L. Bourgeois, Commander of the Clement R. Bon Temps Post 139 issued a call for a special meeting of the Legion's Executive Board with the Legion Hospital Committee to formulate a new plan of action. The meeting was called for 8:00 p. m. on Thursday, October 14.

License Sales Lagging Badly

The Sheriff's office announced this week that sales of license tags for both automobiles and farm vehicles are lagging badly, with only about 20 per cent of the expected number now purchased.

In October of 1953, the Sheriff, John Egloff, stated, 1615 regular tags were sold and 350 F-5 tags were sold.

Thus far this year only 285 regular tags have been purchased and 55 F-5 tags.

"If people don't hurry and get their tags, they are going to find the worst kind of congestion here by the end of the month," the sheriff said.

The deadline for buying license tags is Oct. 31.

New C of C Members Elected

Five new members have been elected to the Hancock County Chamber of Commerce, it was announced this week.

Those taking their posts on the Board are Howard Adams of Lorraine Flower Shop, Bob Hamilton of the Hancock Bank, Harlin Shattuck of Coast Electric, Ed Arceneaux of Arceneaux's Service Station and J. Cyril Glover City Commissioner.

Retiring as members of the Board are T. T. Robin, O. W. Delph, Howard LeFlier, Mrs. Margaret Kern and Leo W. Seal, Jr.

D. A. HOLLEMAN DOUBTS SOME OF STATEMENTS OF VISITING COUPLE

District Attorney Boyce Holleman told the Sea Coast Echo today, "I'm not impressed by some of the statements made by the couple from the Mid West, who said they were drugged and made to gamble their money away at a Hancock County place of business, last week."

He continued, "some of the statements seemed to be a little out of the question. For instance, I have never heard of anyone being given dope in their breakfast and I also cannot see why a good officer like Deputy Sheriff Paul Egloff would tell those people that there were no doctors in Bay St. Louis."

"This does not make sense. I am sure there was a phone book near by. They could have looked in there and found out there were doctors in the town. And if I recall rightly on the way to the courthouse there are some signs showing doctor's offices."

"I am not criticizing the statements made by these people. They may be telling the truth. I cannot say, I was not there. But I think they should have contacted the correct officials here rather than go to New Orleans and tell the newspapers."

Holleman stated that "I am sure gambling must have been going on. All of the people involved seemed to testify to this."

"If I get in touch with the people who said they were drugged I will ask them to come back to go before the grand jury. And if

named. Refreshments were served then by the hostess, Mrs. George Stevenson.

Davis Green

Burial Services

The body of Davis Green a former resident of this area, was returned Monday to Lakeshore for burial, following his death while on a fishing trip on the Mississippi.

A search had been made since Sunday for the missing man when Arthur Munn of New Orleans reported that a skiff he had loaned to Green had turned up empty.

Later Green's body was found by Ivy Bfejean who was fishing in the river close to his home.

Services were held from the Fahey Funeral Home with burial at Lakeshore Cemetery.

Supervisors

Support Guard Unit Plans

The Hancock County Board of Supervisors voted unanimously to aid in the establishment of an Air-Force National Guard Unit here at a meeting held last Monday.

Representatives from the local American Legion, the Chamber of Commerce, City of Bay St. Louis, Lions Club, Knights of Columbus and other groups were present to hear Lambert T. Boyd, Chamber of Commerce president, appeal to the Board and explain the benefits of such a unit in Bay St. Louis.

Mayor Scaife and Commissioners Glover and Ladner attended the meeting and urged the Board to assist in the project. Mayor Scaife pointed out that the establishment of such a unit here would be equivalent to a new industry. He said that negotiations were being made to secure the building formerly occupied as a pickle factory on Necaise St. at Bookter.

The representatives from the State National Guard, Major J. M. Irwin and Captain O. L. Rayburn explained many details to the Board. Major Irwin pointed out that a fully-manned unit here would bring in approximately \$65,000.00 to the city. He said that survey had been made and that he felt sure that many men would welcome the opportunity to serve in the unit here. He pointed out that the duties of the men who join the unit would be once a week at night for a period of two hours for which they would receive a full day's pay. The men would also receive two full weeks' pay for duty in the summer. He expressed regret that it was necessary to refuse to accept men over 35 years of age, and added that no one under 17 years of age would be eligible to join the unit.

Mayor Scaife was instructed to complete arrangements and submit them to the Board next Tuesday. The Board went on record as being willing to be a Co-Sponsor with the City for the housing of the unit until a State-owned Armory could be built.

Chicken Theft

Reported; Police

Seek Caretakers

The sheriff's office here was making efforts this week to locate Mr. and Mrs. Jimmy Davis, caretakers on the property of Mrs. Charles Maduell, of New Orleans, who are wanted in connection with alleged chicken thefts.

The couple, according to authorities, left the Maduell farm sometime around September 27. Mrs. Maduell reported on October 2nd that 700 chickens and 50 turkeys were missing from her farm.

Within the past few days, Sheriff Egloff has been able to locate 125 chickens and 31 turkeys which were sold to Norman Levine of Biloxi.

Mrs. Maduell, said the sheriff, was able to make a settlement in this matter, since officials believed the Biloxi man to have been innocent of blame in taking the chickens.

"Thus far we have been unable to find where the other chickens were sold or taken," said the sheriff. "The farm still has some chickens on it left by the caretakers, but Mrs. Maduell says many are missing."

Wreckless Driving

Charges Made

Two counts of wreckless driving were lodged against Roy Page of Waveland by local authorities this week, one of them resulting in a fine and the other still under advisement.

Authorities said Fred Bourgeois, the town marshal of Waveland arrested Page last week, following which he was tried and fined by the justice of the peace. On the same day he was charged by Deputy Sam Peterson of the Bay with wreckless driving and leaving the scene of the wreck. Page had reportedly run into a car owned by Herman Bounds.

Page contended the Sheriff's office said, that he had waited for officers to come to the wreck, and had thought they were not coming when he left. This case has been taken under advisement.

BAY HIGH

Donald Cole, quarterback for Bay High, led his team to a top victory over Perkinton last week. He scored four touchdowns and passed for a couple of scores.

His handling of the split T play was very good. His runs on the keep play gained yards.

He is a senior and is in his third year of high school football. In the O. L. V. game several weeks ago Donald was injured in the second quarter and had to be removed from the game. From that point on Bay High's running attack and passing attack were held to a standstill.

The players have confidence in Donald. He is a capable field general.

This week he will be leading his team against Bay High's year rival Long Beach. You can look for this boy to play his best for he always gives it everything he has.

Bay High Defeats Perk 51-6; S. S. C. Loses to Perk

COLE SCORES FOUR TOUCHDOWNS;
MEET LONG BEACH FRIDAY NIGHT 33

Bay High, fresh from a decisive and top-sided victory over Perkinton, meets its annual Gulf Coast rival, Long Beach, Friday at the St. Stanislaus stadium.

Last week, the local team visited the den of Perk High and returned home on the winning end of a 51-6 score.

"Long Beach will be gunning for us," Coach Lance Lumpkin said. "Those boys really want to win this game."

Lumpkin coached Long Beach for 12 years. Some of the boys who are still playing on the squad received their start under him.

Last week Long Beach was extended by a small Carriere team. With the score tied and a few minutes remaining in the game it scored a touchdown to win.

It was reported by one of Long Beach's players that "they did not want to exert themselves because they were waiting for Bay High."

"We are planning on stopping them and scoring some ourselves," Coach Lumpkin said. "If we get the proper blocking we might fare pretty well."

Five Bay High players shared in the scoring parade against Perkinton. Donald Cole was the leading point maker of the night. He scored four touchdowns.

Henry Monti, Hugo Favre, Clayton Adams and Kent Seller each tallied one.

All but one of Cole's touchdowns came on the split T play. His first was made on a quarterback sneak. His longest run of the night was 26 yards.

Favre scored off tackle on a 34 yard jaunt. Monti scored through the same hole, running 15 yards. Adams and Seller received passes to cross the goal line.

Adams kicked two of the extra points and the other was added when Cole passed to Seller in the end zone.

Hugo Favre was injured in the second quarter. He was kicked in the face by a Perk backfieldman when he made a tackle. Three stitches were necessary in his lip.

Coach Lumpkin said, "Favre will be able to play Friday night."

He added, "The execution of plays against Perkinton worked very smoothly. We had good blocking. We feel that our boys are getting into condition both physically and mentally."

"Against Long Beach we will have to change and fast. They have a good passer and two or three good receivers. We may look like crickets out on the field trying to stop the passes. Long Beach has a good line and a set of fast backs, especially

Choo Johnson. I feel that they will meet the strong line it will meet this year. Long Beach has an experienced team. We cannot concentrate on any one boy because all of them can roll."

Bobby Boudin, Larry Lanum, Seller and several other High players were outstanding in defense. Cole was very active with his passes.

The game tomorrow night will start at 8 o'clock. It is expected to witness a game here this year. Many Long Beach followers are coming to travel to Bay St. Louis to see the hometown play against its former coach.

TRAVEL TO NEW ORLEANS

UNDEFEATED DE LA SALLE TEAM

St. Stanislaus travels to New Orleans tomorrow in search of its second victory of the season. De La Salle, the undefeated contender for the Prep crown, will furnish the opposition. The two teams meet in NORD stadium.

Last week Stanislaus lost to its Pearl River county rival, Picayune, 18-6. This was its second straight loss.

Coach Farley Day said, "We are trying to get our boys ready for the De La Salle game. It is a large team. From end to end the line averages 200 pounds. From all indications and reports they have improved over last year. Kelly and Lorio are the boys we have to stop. They are the two leading ground gainers in the prep league."

Both Walter Kelly and Jack Calhoun, a first string end are ex-Stanislaus students.

Wodie Santa Cruz scored for Stanislaus against Picayune on an eight yard plunge off tackle. Picayune had scored prior to this, and lead 7-6 at the half-time.

The two teams played even ball for several minutes after the second half started. Then Stanislaus gambled and it did not work.

On his own five yard line quarterback Dick Fakier faded back to pass. He threw a short bullet over center. It was intercepted by a Maroon and Gold man and returned to the line of scrimmage. A couple of plays later Picayune scored. The extra point failed.

James Schexnayder, Stanislaus Artiques, led the team to a defense.

UNDEFEATED DE LA SALLE TEAM

St. Stanislaus travels to New Orleans tomorrow in search of its second victory of the season. De La Salle, the undefeated contender for the Prep crown, will furnish the opposition. The two teams meet in NORD stadium.

Last week Stanislaus lost to its Pearl River county rival, Picayune, 18-6. This was its second straight loss.

Coach Farley Day said, "We are trying to get our boys ready for the De La Salle game. It is a large team. From end to end the line averages 200 pounds. From all indications and reports they have improved over last year. Kelly and Lorio are the boys we have to stop. They are the two leading ground gainers in the prep league."

Both Walter Kelly and Jack Calhoun, a first string end are ex-Stanislaus students.

Wodie Santa Cruz scored for Stanislaus against Picayune on an eight yard plunge off tackle. Picayune had scored prior to this, and lead 7-6 at the half-time.

The two teams played even ball for several minutes after the second half started. Then Stanislaus gambled and it did not work.

Balcony Scene And Baseball Motif Combine In Unusual Home Of The George Digbys

are the circular corner dining spot built by the Digbys in what was once the kitchen; a view of the fireplace group in their two-story living room; and Mr. Digby at his desk in the den, done from ceiling to floor in baseball motif.

—this house is built in a style you can name, it must be the "digby" style," says Mrs. George Digby of their pretty family in Waveland.

—The house takes this idea from the fact that the outstanding architectural feature is a two-story balcony, around one side of which runs a balcony-hall leading to the upstairs bedrooms.

—The mating of Digbys and a quick affair. The family is in love with the place when they first saw it back in 1951. Since then they have made a few changes, but most of these have been to add comfort and to change the basic style.

—The rather box-like exterior of the home is relieved by plantings along the walk and front porch, one of these leading to a screened porch and the other to the living room.

—The Digbys use colorful yellow to decorate the porch and

keep it free of excess bric-a-brac in order that it can be used for dancing when they have parties.

—The exterior belies the roomy qualities of the inside; for upon entering the living room the grand sweep of upward space is very impressive.

—Redwood has been used as the building material for walls. The floors are in a blending tile and the upholstered furniture carries out the same brown tones. Accent colors throughout the house are yellow, green and red.

—Mrs. Digby has a green thumb and also throughout the house are a profusion of healthy potted plants, some of them set in cypress knee pots.

—A hobby of Mr. Digby's is driftwood, which he finds hereabouts, polishes and uses as wall decorations and lamp bases.

—Furnishings in the Digby living room are essentially modern, but no hard and fast rule is

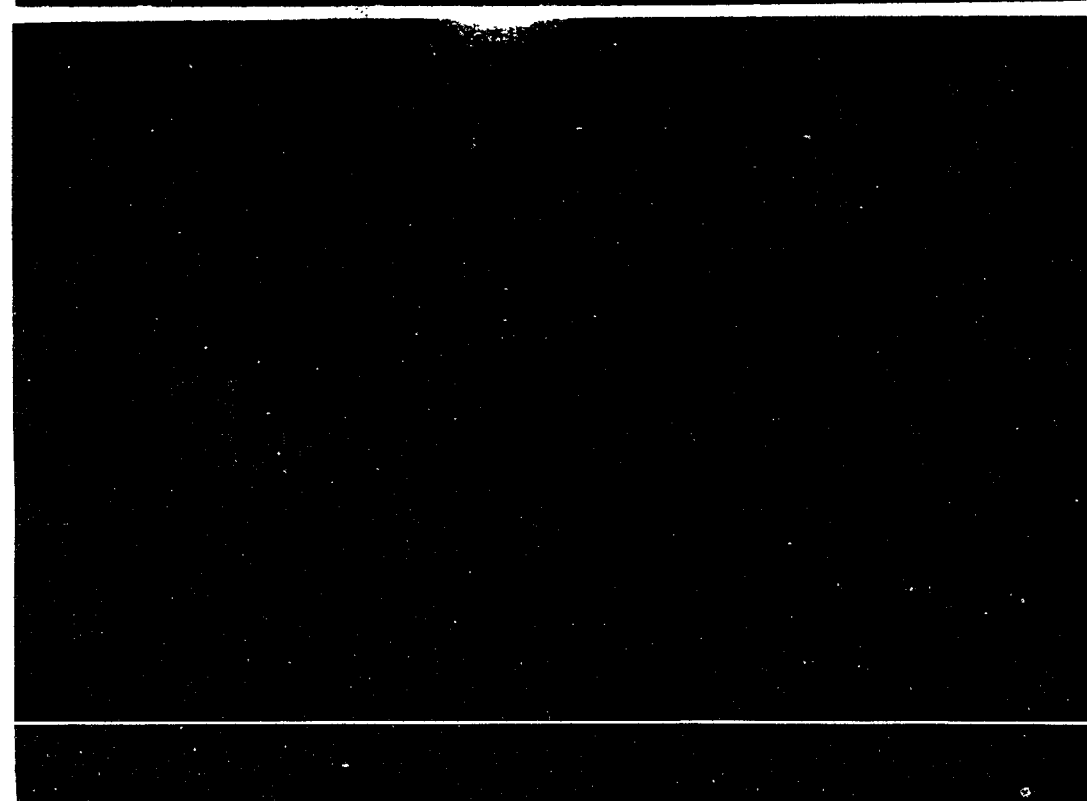

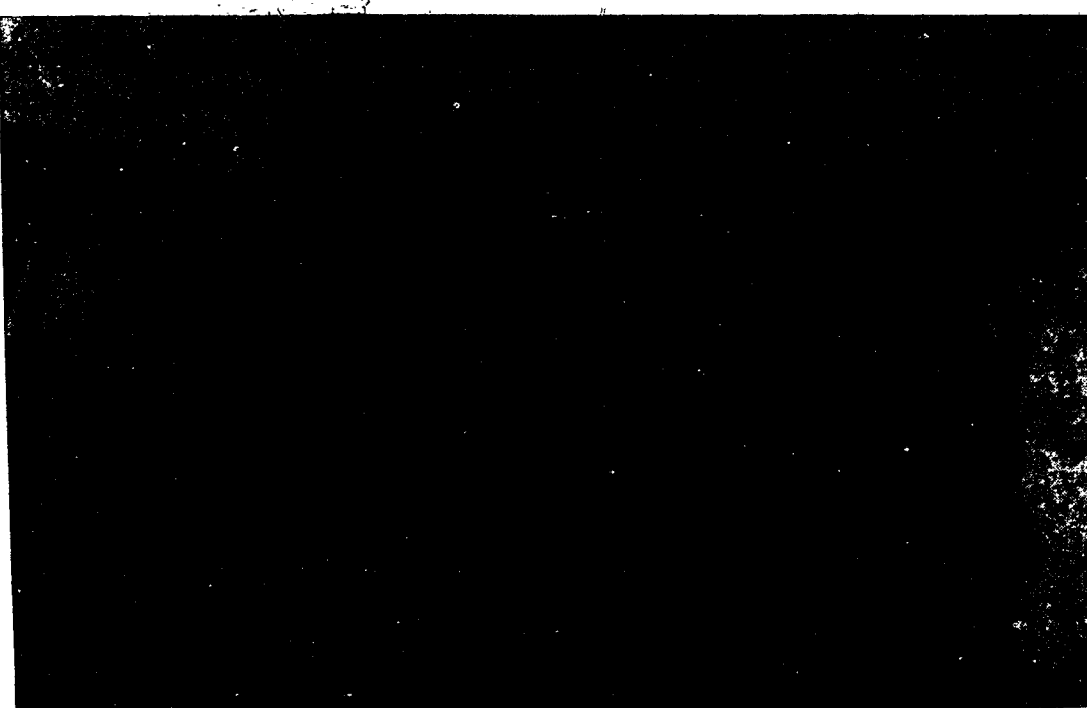

followed, so you'll find a marble topped table in one corner and an elegant hand-made drop leaf table centering one wall.

—The stairway leading to the three bedrooms and bath upstairs, has a wrought iron railing, made in a classic plain design and finished in bronze. The bronze is repeated in the speckled living room.

—The house's heating system is the fireplace in the living room. This huge brick structure, with its built-in seat at the side, warms the living room and hallway and its back wall serves as a kind of heating outlet for the kitchen and the master bedroom upstairs.

—Off the living room is another porch, this one used as a play area for the two Digby daughters; a bath and laundry room; and a den.

—The den is a baseball room, a small cozy spot turned over to the mementoes of Mr. Digby's

career as a scout for the Boston Red Sox. The walls are covered with pictures and about the room are scattered balls and bats and even baseball ash trays. The light fixture is an autographed globe painted to resemble a baseball.

—The dining and kitchen area is also on the first floor. Here the Digbys built the redwood cabinets themselves and divided the kitchen from the dining area with a small bar. Outside the kitchen door is a trellis which will be a carport, says Mrs. Digby, "when the wisteria gets around to making a roof."

—Upstairs the hallway is carpeted in green, a color carried through to the bath and master bedroom.

—In the bath, the walls are plastic tile in green and the tub is built-in, with redwood sides, and a half wall at one end.

—Some of the handmade touches here are the extra closets built in their bedroom by the Digbys. The pretty furnishings all have their history bound up in a series of stories about how the Digbys picked up this piece as a bargain and painted and polished and trimmed away the excess ornamentation.

—The house has plenty of light, despite the dark walls. All the bedrooms have windows on two sides.

—If there is a drawback to the charm of the two-story setup, says Mrs. Digby, it's hanging curtains in the living room.

—"Once they're up, they're up to stay," she says. "I have to use an extension ladder to climb up to them and I feel as if I'm curtaining a cathedral."

15 years of progress

Mississippi's first oil discovery occurred just 15 years ago. Today the oil and gas industry is second only to the long established agriculture and timber industries in economic importance to Mississippians.

.... **SPENDING**, in addition to drilling costs, over \$60 million annually (more than a billion dollars to date) for:
WAGES—\$20 million to more than 5000 Mississippians
SUPPLIES—\$9 million in purchases from state firms
TAXES—\$12 million to state and local governments
LEASE RENTALS and ROYALTIES—\$25 million to Mississippi landowners

.... **LEASING** acreage for oil and gas development—more than one-third of all Mississippi land is under lease, earning annual rentals for the owners. Some 200,000 acres produce royalties for their owners.

.... **DRILLING** in search for more Mississippi oil and gas and developing known reserves. Approximately \$25 million was spent on drilling in 1953.

.... **PRODUCING**—after just 15 years, Mississippi ranks tenth among the oil states in annual production; seventh among the gas producers.

.... **PROCESSING** both oil and gas at two oil refineries and two natural gas recycling plants.

.... **TRANSPORTING** crude oil, gas and products through 4600 miles of pipe lines which cross 74 of the 82 Mississippi counties and which are assessed for ad valorem tax purposes at a value higher than all state railroad mileage or all electric utilities in the state.

Individual oilmen and the stockholders of oil and gas companies have a very large investment in Mississippi. They are justly proud of their accomplishments, and of the significant part they have played in the state's industrial expansion. They are thankful for the good will and cooperation with which Mississippians have greeted their efforts.

COASTING

IN ANNE ORLEANS

Mrs. George Lehlert and her family just returned from a vacation in North Carolina and the Atlantic coast. They look George, Jr., up and down the coast. The most beautiful time of the year when the trees are in full foliage. The Havas look on with the coming performance.

Walter Hava of Waveland, who goes in for every performance. "La Biheme," is one of New Orleans' favorite operas and the Havas says that the lovely voice of Lucine Amara, Metropolitan soprano, brought back the magic of the old, familiar music. The new conductor, Renate Cellini, directed a good performance with some things that time and practice will improve. The fine orchestra has been increased as has the chorus. The Havas look forward to the coming performance.

Enjoying a week's pleasant visit with Dr. and Mrs. E. C. Samuel is the Doctor's niece, Dr. Ruth Shushan, of New Orleans. Dr. Samuel reports that the first of his camellias to bloom this season is the beautiful pink High Hat.

Guest of the Kenneth Pepperdenes for several days, was Mrs. Pepperden's nephew, Roy Bills, Chief Petty Officer, USN, shore leave, drove all the way who is on active duty during from Charleston, S. C., to see the Pepperdenes.

The Duralee Claibornes quietly celebrating their thirty-fifth wedding anniversary last week end. No company. No children, no grandchildren. Their daughter Lucie on a two weeks' vacation with Mr. and Mrs. Kenneth Ebi at Fort Myers, Florida. Wonderful fishing. Yvonne is still in New York. In honor of the anniversary celebration, their Diacagoure camellia produced its first pink blossoms for the year.

Mr. and Mrs. V. A. Leaveau at their home on the Beach for a quiet weekend. No fishing and not too much work, mostly shifting the radio from one station to another so as to try to keep track of both the Tulane and LSU football games.

The stork family arrived at the hospital in Evansville, Ind., and with mother and baby both doing nicely. Dr. Urban Stork was able to come down to his home on the Beach at Waveland and take that long-planned vacation. He is going to be terribly disappointed if the fish do not bite.

After many weeks' absence, due to the hot weather and the mosquitoes, guests at Uncle Tom's Cabin were Mildred Devlin, Bessie Chipley and Tom Devlin.

The T. H. Harveys over from New Orleans. They are getting so much pleasure out of their cottage which was completely done over this past year. With a screened unit in room under trees and a big barbecue unit, they really enjoy their weekends.

Dr. and Mrs. Roy Turner and Mr. Charles Ben spending the weekend at their place on the old Spanish Trail. The setting of beautiful trees is one of the most attractive features of the Turner home.

Donald Halsey and his little daughter Elizabeth drove over from New Orleans for a visit of a few hours last Saturday.

Visitors at Hickory Oak. You remember Dorothy Kelley's attractive place where the hickory tree grows through a big branch of the oak tree. Friends who motored over from New Orleans were Maud Crawford, Bob McCracken and Eddy Weeks.

More and more people moving over to the Coast from New Orleans. Mrs. Minola Vath has moved into her new home on St. Joseph Street and Mr. and Mrs. Charles L. Canney and Mrs. Hazel Peters who bought lots on St. Anthony are going to build.

News from Lt. Olla Mollere, USA, and his pretty wife, Mary Katherine. They spent two wonderful weeks in Italy and visited Rome, Venice, Florence and Milan and are still writing interesting letters to their families particularly about their stay in Venice.

This is quite a record for Coast week ends from New Orleans. Week before last, Mr. and Mrs. Ben Buddendorf did not come over to their place and it was the first week end that they had missed in one year. Last week they were right there and with them was their daughter, Doris, her husband, Henry White and the baby, Dennis with the blue eyes and radiant smile. The whole family is waiting for the return of Corp. Jimmy Buddendorf who has been in Japan for almost two years. They expect his ship to land in Seattle within a few days and then home to New Orleans and the Gulf Coast.

A very successful barbecue last Saturday night at the summer home of Mr. and Mrs. A. M. Fleming in Clermont Harbor. The wind had shifted and so had the mosquitoes so the guests who drove over from New Orleans, the Bay and Waveland really had a grand time and was that barbecued chicken good.

Letters To
The Editor

Dear Sir:
The October 7th issue of the Echo contains an editorial titled "Common Sense"—in which you endeavor to render judgement on a matter, that you are not entirely familiar with.

I don't believe that you are in possession of all the facts in this case. For your information, The Mississippi Public Service Commission will in the very near future hold a hearing in the Town Hall at Waveland to decide from facts produced at that hearing, whether the Railroad will be permitted to close the agency at Waveland.

In fairness to the people of Waveland, I believe you should wait until this matter is settled by the proper authorities on the merits of the case.

Respectfully yours truly,
Garfield Ladner
Mayor.

Pass Christian News

By LUCILLE KOVACE

The Pass Lions Club was addressed last Thursday by Dr. G. C. Lewis of Gulfport on the reasons and the importance of the Emergency Polio Drive as separate from the March of Dimes. The Polio Fund is in arrears some 20 million dollars because of over 2000 patients now constantly in front lungs all through the nation. There has been an increase in the number of patients and, of course, the number is cumulative because old cases continue under care. The hopes for a polio prevention serum, however, were never better than at present, Dr. Lewis stated.

At the conclusion of his talk, Louis President J. C. Necaise presented Dr. Lewis with a \$200 check as the club's contribution to the special drive.

In other business, the Club voted to dispatch flowers to the home of Carleton Sturgeon, a charter member of the Pass Club, who died at 42 at his present home in Holdenville, Okla.

The F.H.A. Chapter of Kiln Hills elected Jeanette Lacoste president. Other officers named were Betty Wyatt, secretary; Norma Garcia, treasurer; Irma Sones and Marie Faye, reporters. The chapter plans to journey to the state fair Friday with the F.F.A. boys.

The Kiln F.F.A. and F.H.A. groups went to the livestock show in Piquette Friday.

The home-coming Queen chosen for the occasion was Miss Nancy Robinson, with maids Dolores Stevenson and Ruby Jo Lively.

Mrs. David Wainwright is president of the Alumni Association, and Donald DeMetz, vice-president, will act as Master of Ceremonies. Lettler's Orchestra will furnish music for the dance.

Members of the Gulf Coast Theatre of Arts and their guests witnessed the presentation of an amusing one-act play called "Suppressed Desire" at their regular monthly meeting last Sunday at Mid-Oaks. Mrs. Dorothy Shettlemore's home on West beach in the Pass.

The three roles in the play, which was given by the Drama Wing under the direction of Vicki Hill using the drawing room as a setting, were done in a manner considered most professional by every one present. The actors were Phil Allison, playing the part of an architect momentarily confounded by a wife over-indulging in home psycho-analysis, a role taken by Kay Drippe, with Aileen Kemp playing the wife's sister who was visiting the couple as a guest.

With his customary dexterity, Mr. Allison gave an excellent performance in exorcising all three from the entanglements of the psycho-analysis "bug", while both female roles were done with convincing reality, bringing the players several "curtain" calls. Refreshments were served after the program.

At the next meeting on the first Sunday in November there will be a musical program presented under the direction of Dr. Laurence Oden, artist-director and an election of six members to the board of directors.

The Pass Lions' Club was entertained by a sound-movie on the progress of electricity at their regular meeting last Thursday night. The film was presented by Thomas MacDonald, local manager of the Mississippi Power Co. office.

Mrs. Elena Fitzpatrick, secretary of the Pass Christian Chamber of Commerce, has been appointed by Mayor Francis Hursey to represent the Pass as a member of the new Advertising Commission recently authorized by Harrison County. The Commission will consist of representatives from Pass Christian, Long Beach, Gulfport and Biloxi and will supervise the spending of the one mill tax levy recently authorized by the State Legislature. There will be about \$45,000 realized from the levy, which will be spent in publicizing

Mr. and Mrs. Charles T. T. by boy is home from his hospital and is doing nicely.

Mr. and Mrs. Tip Necaise and their guests over the week. Mr. and Mrs. J.D. Rogers and daughter.

Miss Loretta Necaise spent Sunday with Mary Evelyn Necaise.

Miss Avie Ann Lee of the Sphomora class went to the school that was held at the Piquette Fair ground Saturday night.

Miss Mary Evelyn Necaise of Kiln spent last Saturday at Gulfport with her mother, Mrs. Earl Necaise.

School pictures arrived Monday. Everyone was thrilled.

Mrs. Alcide Garriga and Mrs. Agnel Moran arrived from California Saturday, October 10 safely. They have been visiting Mrs. Garriga's two daughters, Mrs. L.B. Kay, and Mrs. E.H. Kelly for six weeks.

There was a big gathering at the Kiln Youth Center Sunday. Almost everyone brought their lunch baskets. Father Toner was one of the guests visiting in Kiln.

Miss Cleopatra Moran, from Piquette, and Miss Janice Lee from Kiln, had a birthday party at Piquette Friday October 8th. At the party which was a great success cake and punch for refreshments were served. All had a gala time playing games and dancing for which Musicians Marvin (Red) Ladner, Kerney Ray Ladner and James Ladner from Kiln rendered some lively tunes.

The Senior class had a meeting on Monday October 4th the purpose of the meeting was to select the caps and gowns invitations and cards for graduation. Some of the Seniors who didn't have rings ordered theirs. The Juniors ordered their rings also.

Bay St. Louis students at Mississippi Southern dominate the freshmen and sophomore election at the Hattiesburg school. Four of the candidates in these classes are from the Bay.

Running for president of the sophomore class is Mike Shelton.

In the freshman group two of the candidates for president are Richard Gleim and Mac Haas, Saint Stanislaus graduates.

Ann Hubbard an alumni of St. Joseph Academy was nominated to run for secretary of the freshman class.

Primary balloting for the 20 available posts is slated for Tuesday, October 12, according to Ben Hillsman, vice-president of the student body.

There are 47 candidates for the various offices in the individual classes.

Proposed Amendments To Constitution Of State Of Mississippi
SENATE CONCURRENT RESOLUTION NO. 13
A Concurrent resolution to amend Section 244 of the Constitution of 1890 of the State of Mississippi so as to more fully prescribe qualifications of Electors.

Be it resolved by the Senate, the House of Representatives concurring therein, That the following amendment to the Constitution of 1890 of the State of Mississippi, be submitted to the qualified electors of the state for ratification or rejection at an election to be held on the first Tuesday after the first Monday in November, A. D. 1954, viz:

Amend Section 244. Every elector shall in addition to the foregoing qualifications be able to read and write any section of the Constitution of this State and give a reasonable interpretation thereof to the county registrar.

He shall demonstrate to the county registrar a reasonable understanding of the duties and obligations of citizenship under a constitutional form of government.

The person applying to register shall make a sworn, written application for registration on a form prescribed by the state board of election commissioners, exhibiting therein the essential facts and qualifications necessary to show that he is entitled to register and vote; said application to be entirely written, dated and signed by the applicant in the presence of the county registrar, without assistance or suggestion from any person or memorandum, whatever provided however that if the applicant is unable to write his application by reason of physical disability, the same, upon his oath of such disability, shall be written at his unassisted dictation by the county registrar.

Any new or additional qualifications herein imposed shall not be required of any person who was a duly registered and qualified elector of this state prior to January 1, 1954.

The Legislature shall have the power to enforce the provisions of this section by appropriate legislation.

ADOPTED BY THE SENATE JANUARY 27, 1954. ADOPTED BY THE HOUSE OF REPRESENTATIVES JANUARY 28, 1954.

Afraid Of The People?

has been presented to the Board of Supervisors call action on re-districting Hancock County. The petitions call for is an election, to let the people decide. Under the law, the Board has no choice. The Board can do as it will, and force the court. The excuse for stalling? The people be given their choice of how they want to be divided? Will a country where the majority rules? The Board thought up a ridiculous motion to throw the petition if one signer is not qualified as a voter. Legal, of course, and the rest of the Board knew better. It shows an attempt to avoid the will of the people. And Alvin Weinberg wants to avoid the will of the voters, one question—who is he serving in his office? Favor re-districting. Or you may be against it. We're against letting the people vote, then you're against a way of life.

We Pray For Recovery

ally one meets in this world a truly great man. And a famous figure. Usually he's just a work-a-day fellow devoted his life to helping others. St. Louis Alvin Weinberg has been a truly great man. He has helped those in need year after year has made this world a better place. This is a prayer for his quick recovery surely must be. St. Louis will never be the same until Alvin Weinberg is back at his drug store post, spreading goodness to his fellowmen.

School Zones Needed

around Bay High is well policed during the school year. The other schools are not so well protected. They do not have the police force to place officers at each of their children must be protected, especially at the conclusion area. A militant student police force is needed. These student workers worked elsewhere, for the public has great confidence in the youngsters giving their time to aid smaller children. Every solution is found, we need super-careful handling for all our schools.

Buyers' Mart

The Shady Lane Nursery, which is located just off highway 900 outside Bay St. Louis, is getting ready for the fall flower business in a big way.

In the large greenhouse, at 152 by 46 foot building built by Felix Seeger and his father, there are 10,000 chrysanthemums just beginning to color. By All Saints' Day on the first of November, the creamy white, snow white and yellow blossoms will be ready for your purchase.

These beautiful flowers, now standing in their neat rows upon rows in the damp, sunny establishment will cost from five to six dollars a dozen, probably quite a bit less than you'll be able to purchase them in New Orleans.

The Seegers, who will also ship many of the flowers to the city, are newly embarked on this nursery venture.

The property was owned by Seeger, Sr., for many years as a weekend place. About two years ago, their son started the plant business and just this year a bride came to Shady Lane and she is just about the prettiest thing around.

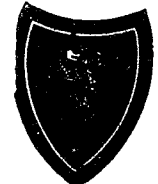

The couple works without outside help, to keep the business going. They will have, following the chrysanthemum season, their iris plants which bulbs are now in cold storage in New Orleans. The next crop will be lilies for Easter and then gladioli for Mother's Day.

In addition to these large crops, Shady Lane has a large stock of pot plants, which are very inexpensive. Their variegated and melon pepperonia cost 25 cents. Their beautiful rubber plants - the oak leaf one is particularly pretty, cost from \$1.25 to two dollars.

About the most expensive item you could purchase in any small quantity would be one of the very unusual staghorn ferns, which Felix Seeger is rooting in many spots about his property. The full grown ones cost about twenty dollars.

This plant is a tropical one, and as the name implies, it

Oil Progress

Mississippi, just 15 years after her first oil discovery in 1939, ranks tenth among the producing states in annual crude oil output and seventh in natural gas production. Most of the states producing vastly larger quantities of oil and gas (Texas, Oklahoma and Louisiana, for instance) saw their oil industries born over 50 years ago. Mississippi's significant oil progress, taking place under adverse circumstances, is a tribute to the enterprise and skill of the men and companies who comprise her oil and gas industry. Without aid or subsidy, they have achieved worthwhile success and have made a very substantial contribution to the state's economic development.

OIL PROGRESS... the success of the oil industry in Mississippi is being emphasized by the fact that since 1917, the state has produced more oil than any other state in the South.

He is not exceptionally fast but is quite shifty in the open field.

His deception when handling the ball is excellent. He calls plays with very few gaws. He is a high school player. He also does the kicking for the juniors.

Grady has won the praises of his coaches. All of them look forward to next year when he will be brought up to the varsity for permanent duty. They are in accord on the fact that they have a bright prospect. The kind of prospect that comes seldom. The coaches unanimously think that Grady will be one of the finest quarterbacks in the state.

But the boy himself is not disturbed by all of the advance notices of his future career. He is a normal, healthy 13 year old and plays football because he likes to play. He does not play because he thinks the game will bring him glory.

It is not easy for a youngster to take flatterings compliments from his elders without displaying a biggity attitude. But this Bay High freshman has done so. He has proven himself capable and easy going not only on the field of play but also in the classrooms and other places where he mingles with his friends.

He is a boy of high qualities and to this he adds superior athletic ability. I would like to make a long range prediction that the combination of these two will bring Grady huge success in the game of football during future years.

By the time he is ready to receive his diploma many alert college talent scouts should be knocking on his door to secure his services.

HELPFUL HINT: The most important aspect of the duck hunter's decoys is the way in which he has placed them in the area of the blind. They should be spotted so the birds will have to fly over land to reach them; also, upwind a bit always is a good idea.

Dr. Urban Stork was able to come down to his home on the beach at Waveland and take that long planned vacation. He is going to be terribly disappointed if the fish do not bite.

WOOD RAT

Among the small fry enjoying the fishing off Bodega Bros. wharf Sunday were, Michael, Ronnie and Jimmie La Fontaine, Eddie Horton and Irvin and Louise Green. They love it.

Tourists in a comfortable "wilds" of the Western United States are frequently annoyed by the activities of "pack rats" that run actively in and out of cabin windows "storing" things that may or may not have value to humans and frequently could have no possible value to the pack rats.

BROTHER ROLAND SPEAKS—

Brother Roland, president of St. Stanislaus, speaks to Centennial celebrants.

Members of the Genus Neotoma range practically from coast-to-coast in North America, being found from Pennsylvania to California represented by one species or another. In the East they are called "Cave Rats" or "Wood Rats"; in the West, almost universally, Pack Rats. They seem to develop habits suitable to the demand of their environment.

Fishing has not been to hot again this week. Some small fish have been caught. One reason, which seems logical, especially up the rivers and bayous is that with such high tides and low tides rushing in and out there is a certain stirring up of mud and other silt and the fish will not bite under those conditions. Apparently as soon as the tides get back to normal fishing is going to improve.

The change in the weather should help squirrel hunting considerably. The season is now open. No news as yet on what the hunters have been doing.

The picture in the Times-Picayune Sunday showing Frank Cardina of New Orleans and the 64 lb. black drum he caught on the American Legion Pier here recently was one we missed. Some fish - but a lot of nothing in the eating line.

Only a little over a month before the local race fans will be heading for New Orleans. Time flies!

D'IBERVILLE, HELPED BY MISTAKES, DEFEATS KILN, 33 TO 7, TUESDAY

Diberville seemed to have the remedy for recovery from that somewhat common and contagious disease known as fumbleitis in a rather one-sided game against Kiln High Tuesday night.

The Biloxi team capitalized on all of the bad breaks and held a commanding 33-7 lead when the final whistle blew.

Kiln fumbled three times as it dove downfield and the visitors gained possession of the ball. From those points, with the aid of several long passes, and a couple of wide end sweeps, Diberville drove across the goal line three times during the first half.

In the second half the Ninth Bay team added two more touchdowns to bring the total to 33.

Then Kiln began to click on the defense. Russell Mitchell took the ball on a Split T option pitchout from Larry Ladner and swept his right end for 65 yards only to have the play called back some 40 yards where he had stepped out of bounds.

But, a couple of short plunges mixed with a few more end runs and finally, a touchdown pass from Larry Ladner to Roy Shiu gave Kiln its score for the night. The extra point was added by an off tackle dive.

The game ended as Kiln threatened to score again. It had possession of the ball, deep in D'iberville territory and was driving toward the end zone.

Saturday night Kiln meets Vancleave in its Homecoming game. The contest will be played on the St. Stanislaus field and the Homecoming celebration will be held in Kiln. A queen and a court of maids has been selected to rule over the festivities.

Coach L. C. Ladner said, "I think we can beat Vancleave if my boys get in there and play ball. We have more experience than Vancleave. They haven't won a game this year."

Our team looked rotten against D'iberville Tuesday night. That is the worst game they played all year. Fumbles cost us a couple of touchdowns.

The game Saturday will start at 8 o'clock.

Sidelines Club Sets Bazaar

For Stanislaus

The St. Stanislaus Sidelines Club will hold a bazaar on November 6 and 7 to help cover the expenses of installing new lights on the football field.

Ben Hille, president of the club said, "I would like to have the people know that this is a civic project. All of the schools use the field for their games."

Other organizations have offered their assistance. The American Legion has pledged its support. Gordon Romanoff, publicity chairman for the Post 139,

attended the meeting held Monday night to plan the fair. He told the Sidelines that the Legion would lend them its public address system for whatever purpose it would be needed and that he had already contacted several legionnaires who had given their promise to be present at the fair and help with it.

Romanoff said, "I think we will have close to 25 members there to lend their aid. This is a community project. The Legion is more than glad to help in causes such as this. All of the county schools with football use the field."

The Sidelines Club announced that it plans to ask the various Mothers' Clubs and the Boosters' Club of Bay High to help them make the bazaar a success. There will be different types of booths where those attending can have fun. One of these will be an addition to local fairs.

Evening Mass

At St. Rose

It was announced this week that evening Mass will be held at St. Rose de Lima Church every Sunday at 6 p. m.

WSCS Meets

October 19th.

It was announced this week that Circle No. 1 of the Women's Society of Christian Service of the Main St. Methodist Church will meet with Mrs. J. A. Evans at her North Beach residence at 3 p. m. on Tuesday, October 19.

The announcement also stated that the Spiritual Life group of the church is meeting every Thursday morning from 10 to 10:45 a. m. at the Church, with Mrs. Schultz as chairman.

The Missionary study group has just concluded four sessions devoted to "Man and God in the City," by K. D. Miller. Mrs. C. C. McDonald was in charge of this group.

Sorority Rushees

At Baby Party

Delta Sigma Chi Sorority held a rush party at the E. M. Brignac home this past week, with the rushees treated to an evening of games and prizes.

The rushees came dressed as babies to a "Baby Party." Win- ners of the milk drinking, nur- sery rhyme, baby talk and best dressed contest were won by Jane Favre, Anne Prator, Julie Blanchard, Connie Ruppert and Pat Horlock.

Refreshments and a trip to the movies followed the events at the Brignac playroom.

Spaghetti Supper

October 27th.

The S. J. A. Mother's Club will sponsor a spaghetti supper on Wednesday, October 27th, start- ing at five o'clock and lasting until nine.

The club has announced that plates may be taken home if pa- trons wish, and those wishing to eat at the hall can also be ac- commodated.
